

PACKMATE[®] PRO

PAPER PACKAGING SYSTEM

Easypack[®] by Pregis

Easypack[®] by Pregis paper packaging solutions can help you protect against damage, deliver an eco-friendly, cost effective package to your customers while increasing the productivity of your packaging operation.

- Best in class safety features – Full safety lockouts and improved ergonomics minimize operator injury
- Reliable 'bullet proof' equipment virtually never jams for more uptime
- Simple to use, just load & go in 30 seconds or less to maximize productivity
- Sustainable - 100% recycled, recyclable and biodegradable paper

Packmate Pro paper system

The Packmate Pro is ideal for shipping **light to medium weight products in small boxes**. This compact yet powerful machine produces extremely high quality paper cushions that offer proven protection.

- Single or multi ply paper
- Now uses **25% less paper** while maintaining the same pack quality and strength
- Program 3 pre-set lengths and quantities
- Produces narrow paper pads to fit small voids
- Automatic, semi-automatic or foot pedal operation
- Horizontal or custom configuration

Machine dimensions (max)
